

## PyroQ Premium Endotoxin-Free Testing Accessories

Ensure accuracy and compliance in your bacterial endotoxin testing (BET) with PyroQ's comprehensive range of endotoxin-free accessories. Engineered for quality and reliability, our products are designed to minimize the risk of Out of Specification (OOS) investigations due to endotoxin contamination, supporting seamless testing workflows."

### Key Features:

- Efficient Depyrogenation: 21 CFR Part 11 compliant processes
- Endotoxin-Free Guarantee: Certified pyrogen-free, validated through kinetic analysis
- Pharmacopeial Compliance: Meets USP and EP standards
- Certified Consistency: Certificate of Analysis confirms endotoxin levels within validated limits
- Optimized for Gel Clot Assays: Supports precise conditions in LAL testing
- Premium Materials: Crafted from Borosilicate USP Type I Flint Glass

### Depyrogenated Test Tube Product Range:

Description	Product Code	Size	Pack size
Endotoxin test assay tubes	DAP01075-50	10 X 75mm	50 Tubes
Endotoxin test dilution tubes	DAP13100-30	13 X 100mm	30 Tubes
Endotoxin test dilution tubes	DAP16100-15	16 X 100mm	15 Tubes
Endotoxin test sampling tubes	DAP00025 - 25	25mL	25 Nos.

### Product Options

- Multi-dimensional tube formats
- Flexible pack sizes tailored to lab needs
- Bulk packaging options for large-scale operations

### Documentation

Kinetic tested COA, MSDS

### Applications

- Pharmaceutical/Biopharmaceutical Manufacturing, Testing & Medical device testing
- Biomedical Research
- High-Precision Laboratory Applications

### About BiomatiQ

Founded in Hyderabad in 2017 as a distributor, BiomatiQ has grown to serve customers across India and internationally. We now manufacture world-class, indigenous Ready-To-Use culture media and life science products, combining automation with strict regulatory compliance. Offering microbial testing and training, we support our clients' scientific journeys. Our expert team prioritizes quality and continuous improvement, driving excellence in the life science ecosystem

**Corporate Office:**  
#1386, Satyavathi Park Avenue,
