Vision & Mission

modern solutions to
modern problems

Vision of the brand:

Shenall's vision is to become the best and contemporary fabric supplier from India to the world

Mission of the brand:

We desire to be #1 choice of our customers by offering finest fabrics with international standards with the finest superior blend cotton. The choicest option includes cotton, viscose, and denim fabrics. We strive to provide outstanding value by offering class apart products in the the ever changing fashion trends.

Fashion Forward | **Quality Products** | Customer Satisfaction

The Chronicle

Since its inception in the year 1995, Shenall Fabrics has achieved noteworthy success in the Indian Textile Market with the goal of setting up ultra-modern technology and producing the highest quality fabrics. We strive for the best fabric quality. Latest Designs and Innovations are the two pillars of the company. Our designers work hard to bring out the most creative designs.

Our ability to learn continuously has given us the flexibility and the nimbleness that is required for growth in changing and challenging times.

A critical pillar in supporting any organization is the team which forms its core and we have been specially blessed with a fabulous young team of leaders to initiate healthy work cultures, competitive standards and consistent quality by always being ready to learn and grow.

10Million
US Dollar

Textile Hub of India

**Gujarat is considered as the textile hub of India.
36% of cotton and 56% of denim's production in
India is a contribution from Gujarat.**

Our manufacturing factory is located at the heart of Gandhinagar. Our registered office is in Ahmedabad which is also one of the the biggest city for the wholesale sells of readymade garments. Ahmedabad is geographically connected to leading sea ports like Mundra, Nhava Sheva and Kandia for easy logistical solutions.

Chairman's Message

Instead of focusing on the competition, we focus on the customer.

- Parbat Singh
