## BAJAJ STEEL INDUSTRIES LTD.

## “World's Best Delinting & Decorticating Machinery now in INDIA”

**BAJAJ CONEAGLE** seed cleaning, delinting & decorticating machinery and equipments are designed by world leader in the segment, M/s Continental Eagle Corporation Prattville, Alabama USA (CEC), who were serving the industry since 1832. Now these machineries are made in India by M/s Bajaj Steel Industries Limited, Nagpur, (Bajaj) maintaining highest world quality standards.

## ABOUT BAJAJ :

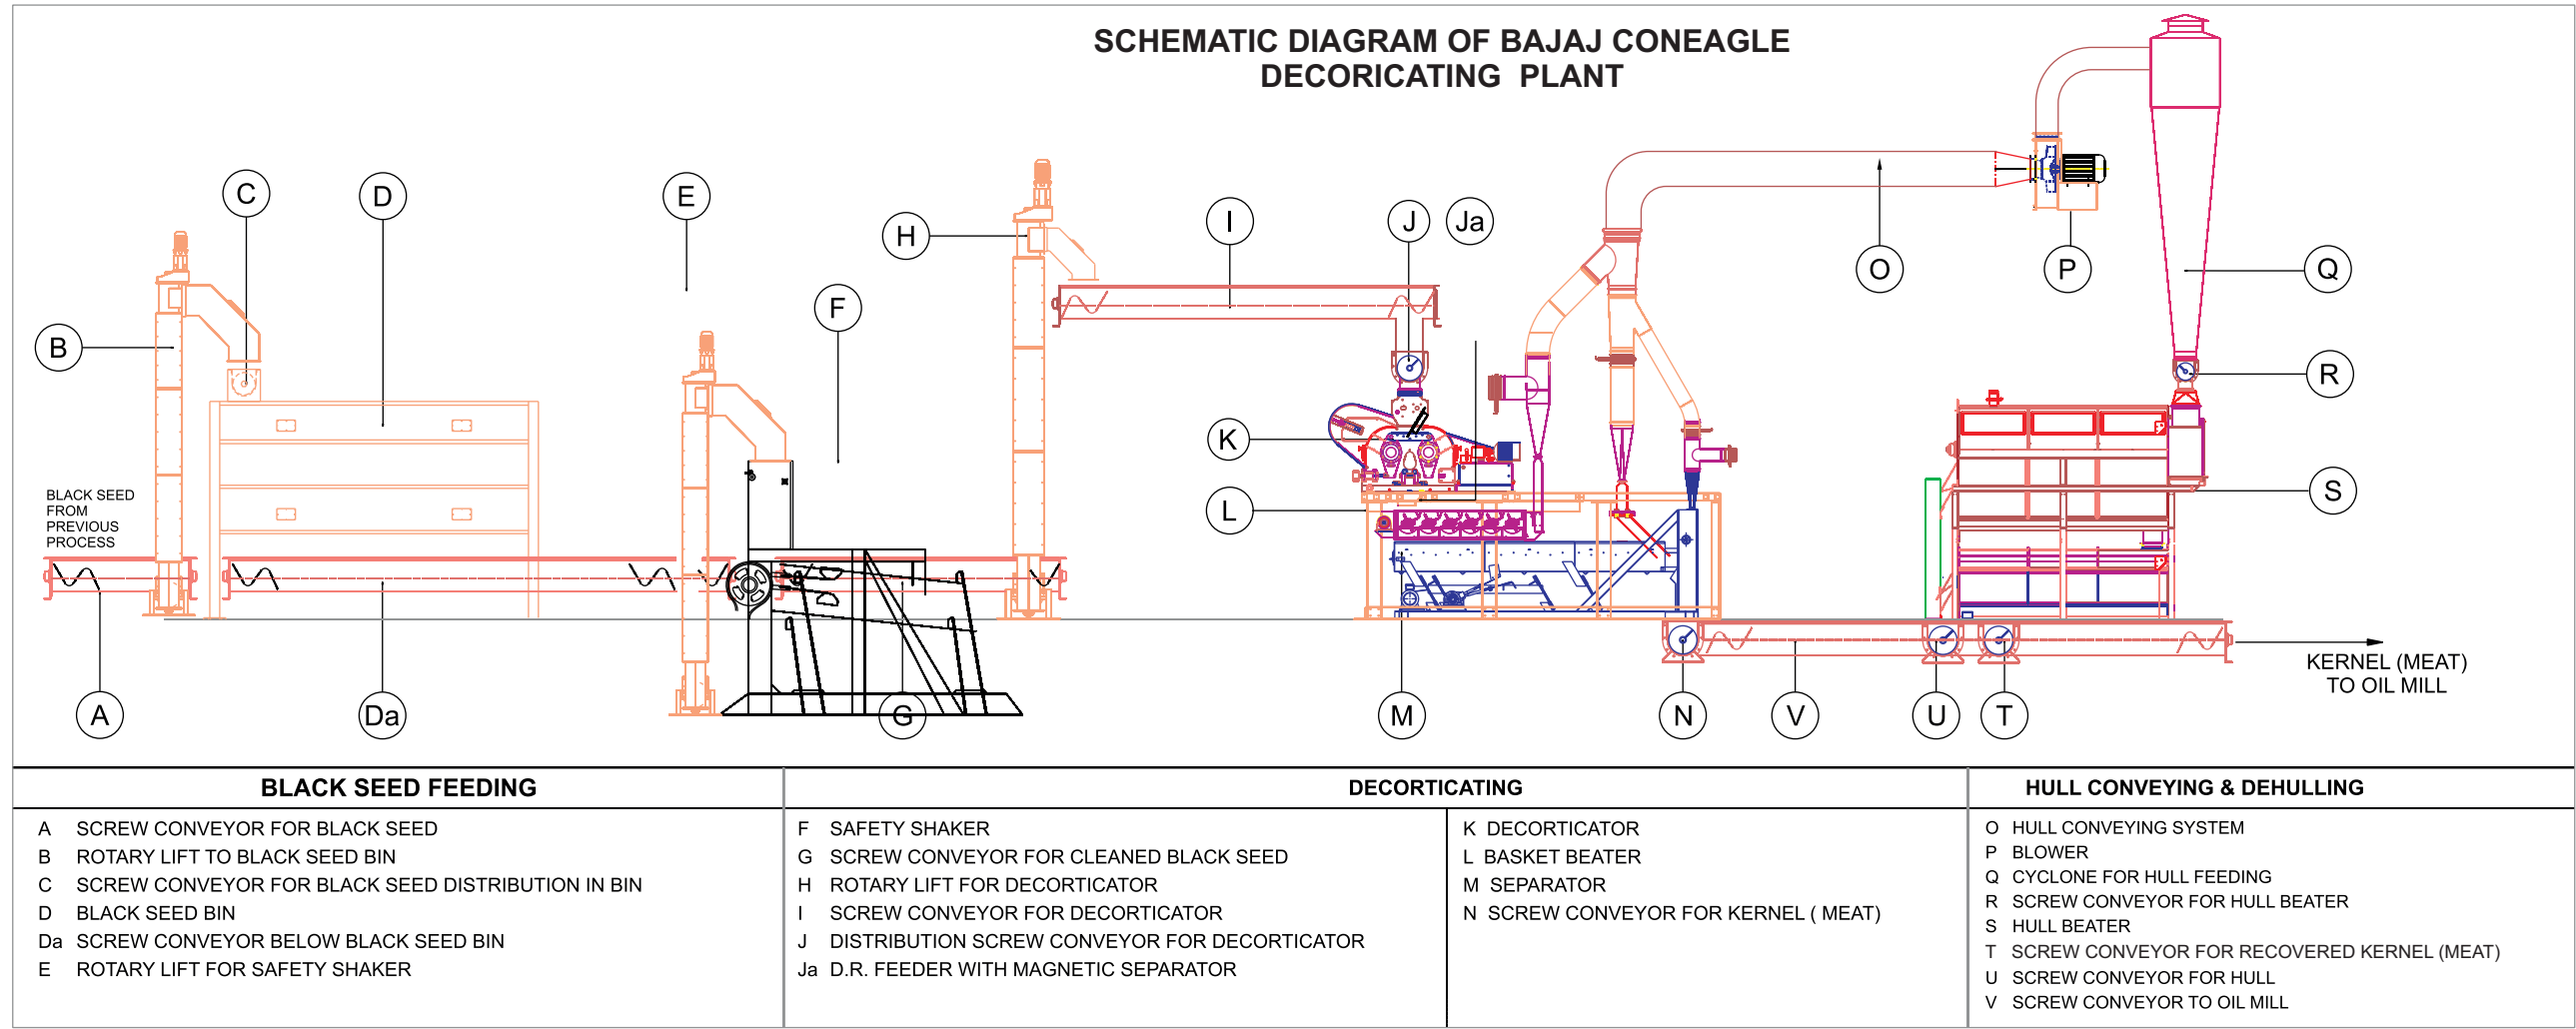

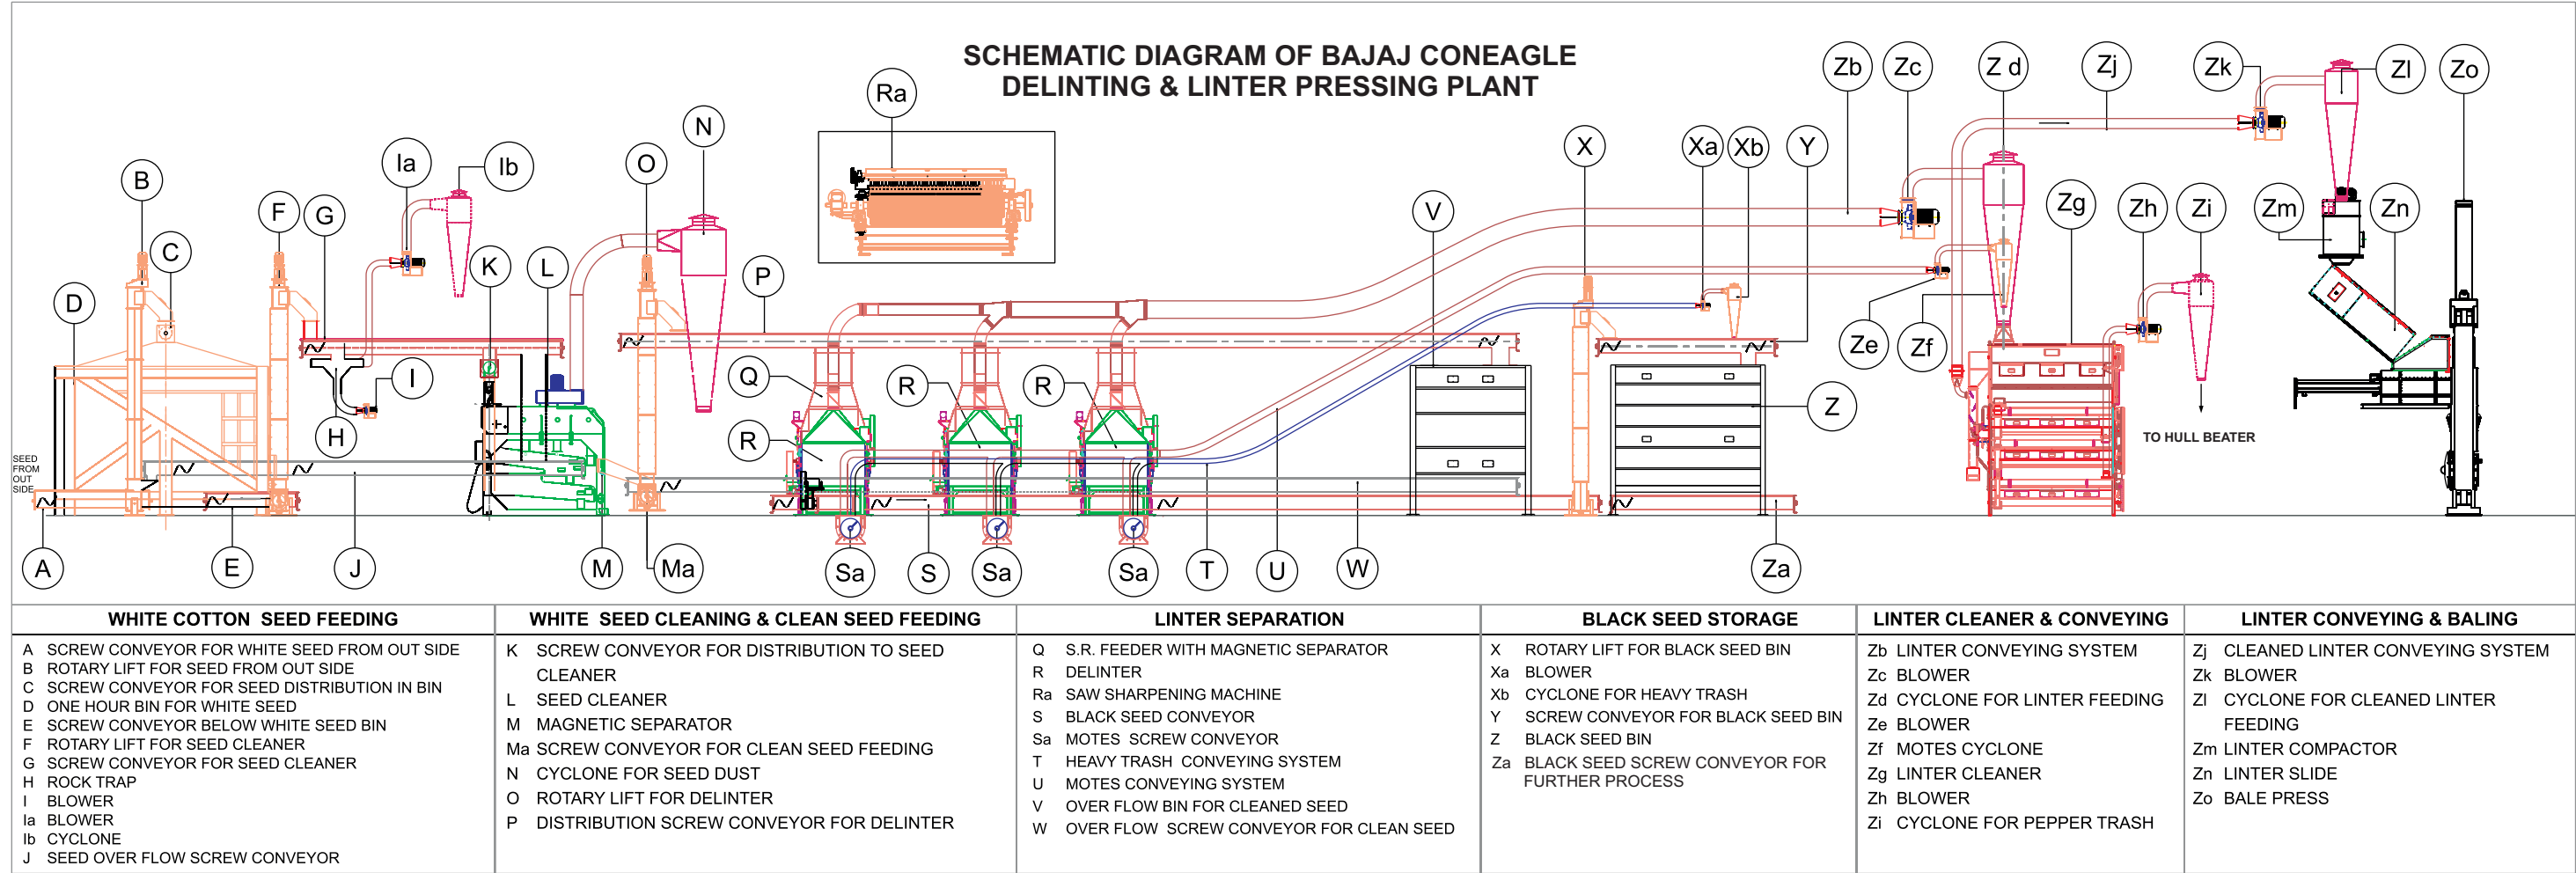

**Bajaj Steel Industries Limited (Bajaj)**, Nagpur, India is a public limited company, listed on Mumbai stock exchange, managed by Bajaj Group of Nagpur. The Bajaj is serving the cotton sector since 1961, the group is having cotton experience for over 100 years, family members being associated with ginning, pressing and cotton trading in the fourth generation now. Bajaj has been awarded with “Largest and Modern Cotton Ginning & Pressing Machinery Manufacturer in India”, by the hands of then Hon'ble Union Minister of Textile Govt. of India Mr. Shankersinh Vaghela in January 2008 and as best performer by SICOM Limited, a state financial corporation of Govt. of Maharashtra, in August 2009. The Bajaj is the only company in the world producing machineries for all cotton ginning technologies i.e Double Roller, Saw Gin & Rotobar, all Pressing technologies i.e. Down Packing, Up Packing & Horizontal Packing, as well as Seed Cleaning, Delinting & Decorticating, apart from general engineering fabrication, machining, intelligent electrical panel manufacturing and various other engineering activities. The Bajaj is having various world class factories equipped with latest CNC machines and other equipments to manufacture best quality products in highly professional setup.

## ABOUT CEC :

**Continental Eagle Corporation (CEC)**, was head quartered in Prattville, State of Alabama, USA since 1832. CEC used to manufacture worldwide premier line of cotton ginning, cotton cleaning, cotton conveying, cotton pressing, cotton seed mechanical delinting, decorticating and acid delinting machinery and equipments at their 32 Acre facility till early 2012. CEC closed down its operations in USA and licensed all its manufacturing to Bajaj in India. The highest technical and sales staff of CEC has now been retained by Bajaj to ensure highest quality standards as followed by CEC and to improve upon them to provide even better quality products. All CEC customers are now being served by Bajaj. The entire technical data of CEC stands transferred to Bajaj and the experienced earlier staff of CEC is available to Bajaj for the development and upgradation of products.”
